Degree : 13%

Production : 12 000 bottles

Winemaking : Traditional in stainless steel tanks with temperature control

Ageing : 12 months

Tasting notes :

Empyreumatic aromas establish themselves from the start of the tasting, with grilled, toasted, vanilla smells which evolve upon a nice caramelized note on the palate. The ensemble subtly exposes the wine's varietal origin, prune, peppermint and black spices which blend abundantly with a persistent woody tannin.
